NEW YORK, THURSDAY, OCTOBER 25, 1894.

PRICE ONE CENT.

LAST EDITION. DUNPHY IS REALLY OUT.

His Declination Filed with
the Board of Police
Commissioners.

EIGHTH NOW CLEAR FOR WALSH

Donagan Withdraws to Give Brad-
ley a Good Chance for
the Assembly.

OTHER STATE DEMOCRATS OUT.

They Are Dausch, for Assembly, and
Tom Campbell, Grossman and
Ryan for Aldermen.

The time for filing declinations of candi-
dates regularly nominated by acknowl-
edged political parties expired at mid-
night last night, and a batch of such
documents were filed with Chief Clerk
Kipp, of the Police Board.

With two exceptions, none of them
has any significance. They were nearly
all New York State Democracy men
who had no earthly chance of winning,
and were on Aldermanic tickets.

One declination which attracts consid-
erable interest, however, is that of Ed-
ward J. Dunphy, in the Eighth Congres-
sional District. Mr. Dunphy is at present
in the South, nursing his brother,
who is said to be at the point of death.

He was nominated in perfect good
faith by the State people, and had
practically promised to run against
"Jimmy" Walsh, the Tammany candi-
date. His declination at this late hour
prevents the possibility of any other
candidate being nominated in his stead.

The reasons for Dunphy's withdrawal
are said to lie in the resignation of
Police Justice Divver from the leadership
of the Second District.

Now that Divver is out, it is claimed
Dunphy, who made a strong fight against
him, will again be taken back into the
organization, and will be recognized as a
power there.

Had he accepted the Grace nomination
the other course would have been made
impossible.

It is understood that Nicholas J.
Brown, who has succeeded to Divver's
place as leader of the district, has ex-
tended the olive branch, and that Dun-
phy and those who follow him, have ac-
cepted it. The resignation, as it stands,
leaves the way clear for the election of
Walsh.

 SHANGHAI, Oct. 25.—It is reported
here that the Chinese have evacuated
Port Arthur.

A report is also current here that the
Japanese have effected a landing at
Taishan Wan Bay, on the Korean side of
the Kwang-Tung peninsula, not far
from Port Arthur.

 ST. PETERSBURG, Oct. 25.—The offi-
cial bulletin this morning in regard to
the health of the Czar does not indicate
that any real change has taken place
in his condition.

LONDON, Oct. 25.—The news received
here from Livadia this morning is very
unsatisfactory as each fresh telegram
contradicts another.

A despatch from Frankfurt says that
the ex-Empress Frederick, of Germany,

CRANK CALLS ON CLEVELAND.

Dr. Richard Goerdeler Insisted
Upon Having a Talk With
the President.

REPULSED BY DR. BRYANT.

He Retold His Story of Having
Been Arrested in Germany for
Challenging the Emperor.

VERY VOLUBLE, BUT HARMLESS.

The Chief Magistrate Expected to
Return to Washington
This Afternoon.

The first campaign crank materialized
this morning at the residence of Dr.
Joseph D. Bryant, where President
Cleveland is stopping while in this city.

About 10 o'clock a well-dressed, heavy-
set man, with a gray beard and wear-
ing eyeglasses, rang Dr. Bryant's door-
bell.

He told the servant who opened the
door that he wanted to see the Presi-
dent. The servant called Dr. Bryant,
who came to the door, and who at
once recognized the caller as Dr. Rich-
ard Goerdeler, whose eccentricities, both
in this country and abroad, have caused
him to be stamped as a harmless crank.

Dr. Bryant, politely, but firmly, re-
fused to admit Goerdeler to the house.
Goerdeler became excited, and demand-
ed to be shown in to the President at once.

"You have no right," he said, "to keep
a citizen from seeing the President of
the United States."

Goerdeler said he had been trying to
see the President for nearly two years
and have Mr. Cleveland remove the stain
of insanity from his name. He began to
tell about his having challenged the Em-
peror William to fight a duel, but Dr.
Bryant interrupted him and closed the
door.

An "Evening World" reporter met
Goerdeler at the foot of the steps, and
to him Mr. Cleveland's would-be visitor
poured forth a torrent of denunciation
of Dr. Bryant for refusing him an audi-
ence with the President.

He gave the reporter his name, and
said he lived at 41 West Fifty-seventh
street. He went away without making
any further attempt to see Mr. Clevel-
and.

Goerdeler has figured in the news-
papers during the last few years as a
harmless crank. He was formerly pro-
fessor of music at Pennington Sem-
inary in New Jersey.

He was once a lieutenant in the Prus-
sian army, where he was brought into
contact with Bismarck. When the
American civil war broke out, Goerdeler
learned, he says, that Bismarck had
shipped a cargo of arms to the South-
ern Confederacy. When Bismarck
learned that the Lieutenant knew his
secret, he at once began to lay plans to
ruin the young officer.

Goerdeler says he schemes laid, Goer-
delery was to accomplish his downfall.
The German Chancellor finally suc-
ceeded in undermining him socially and
financially, and he came to America.

He wrote to Emperor William of his
disappointment, and the Emperor gave
him the alternative of hanging his
Chancellor or fighting him Goerdeler
accepted the latter course, and was
arrested and held a prisoner for several
months. He was finally released, and
returned to New York in July. He has since
been prominent persons with his ap-
peals for aid in fighting his imaginary
enemies.

Mrs. Matilda Schildgut, twenty-six
years old, of 48 Clinton street, was ar-
raigned before Justice Simms in the
Essex Market Police Court to-day on a
charge of assaulting Moses Hinden-
baum, of 111 Ridge street.

Mrs. Schildgut's husband informed her
that he had seen a certain person speak-
ing disparagingly about her. Mrs.
Schildgut suspected Hindenbaum, who is
a friend of her husband. She went to
his house and assaulted him, and was
arrested. She then discovered that she
had assaulted the wrong man. She ap-
ologized, and he withdrew his complaint
against her.

JACQUET'S MYSTERIOUS FALL.

He Was Found Badly Hurt in an
Air-shaft at His Home.

There is some mystery as to how Emile
Jacquet fell into an airshaft at 383 Third
avenue. He was found in the bottom of
the shaft at 1:45 o'clock this morning in-
ternally injured, and was removed to
Bellevue Hospital.

Jacquet is a grocer's clerk, twenty-nine
years old, and lives at the above address
with his parents.

At 8 o'clock last night he ate his dinner
and went out. No one heard him when
he returned to the house, but just after
12:30 o'clock this morning his father, J. E.
Jacquet, who is the landlord of the house,
and sleeps on the first floor, was aroused
by a noise in the airshaft. His window
opens into the airshaft. He could hear
some one groaning at the bottom and
could see the outlines of a man's form.

Mr. Jacquet went downstairs and
there found his son, who said:
"I fell from this third floor." Then he
became unconscious.

Policeman Gow was called, and he had
the injured man taken to Bellevue Hos-
pital. His condition is critical.

None of the windows on the third floor
opens into the airshaft, and it is prob-
able that the door opening on the roof was
also closed, and there were none of the
other windows on the airshaft side open.
Jacquet may be able to explain mat-
ters if he recovers consciousness. The
police officers say that he had been drink-
ing.

CLOAK FACTORY BURNED.

Incendiarism by Sympathizers with
Strikers Suspected.

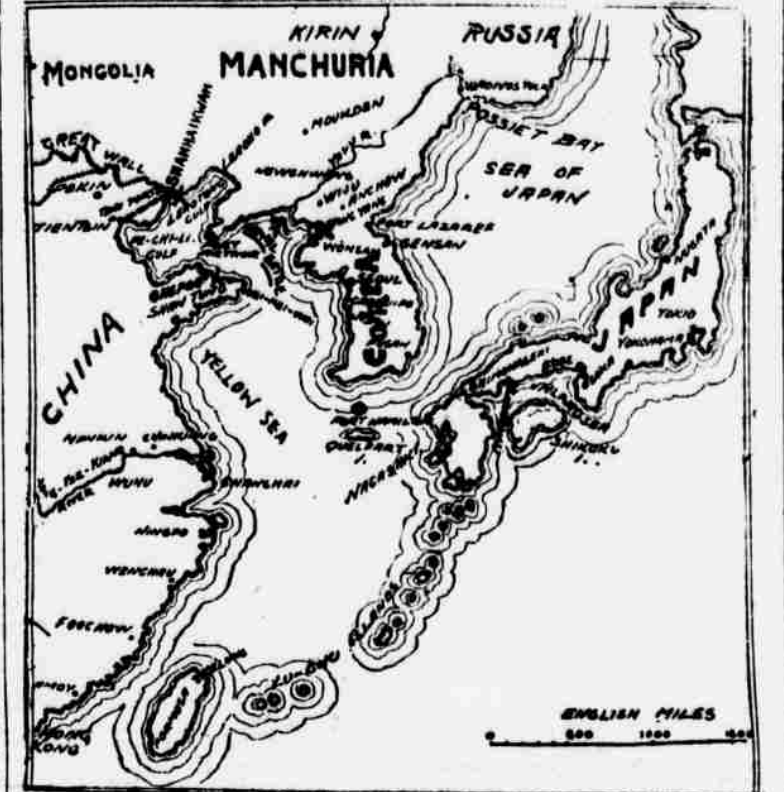

WHITE PLAINS, N. Y., Oct. 25.—
Dewolf's large cloak factory, at East
White Plains, was totally destroyed by
fire this morning. The factory was
filled with stock for the Fall trade.
When the Anti-Tenement Clothing Man-
ufacturers' bill was passed by the last
Legislature, it was moved by the law-
makers from New York. His employees
came with him and settled around the fac-
tory.

The cause of the fire is unknown.
There is suspicion that it may have
been caused by incendiaries, basing their
belief on the fact of the strike among the
cloak makers in New York and the fact
that Dewolf, in sending his goods to New
York, was hurting the chances of the
strikers.

FOR FIREBUGS' CAPTURE.

Columbia County Offers \$1,000 for
Capture of Incendiarists.

There was posted on one of the bulle-
tin-boards in the lower corridor of the
County Court-House to-day a large
poster, offering a reward of \$1,000 for the
arrest and conviction of the person or
persons who have set fire to any build-
ing in the town of Mount Lebanon, Col-
umbia county.

"THE EVENING WORLD'S" WAR MAP.

The report to-day is that the Chinese have evacuated Port Arthur, the Japanese Second Army having landed near there. Also that the Mikado's forces have crossed the Yalu and entered Manchuria from the South. Other Japanese troops had previously invaded the province from the East. Port Arthur has been the most important Chinese naval station.

here that the Second Army Corps, under
Field Marshal Count Oyama, formerly
Minister of War, has effected a landing
at Seikokuo, near Port Arthur.

It is also again asserted here that the
Japanese army under Field Marshal
Yamagata has successfully crossed the
Yalu River and entered Manchuria.

LONDON, Oct. 25.—Inquiries made at
the Japanese Legation in this city show
that no news confirming the reported
landing of the Japanese army under
Field Marshal Count Oyama, near Port
Arthur, had been received there, but
the Japanese officials fully credit the re-
port.

It was announced on Sept. 25 that
Field Marshal Count Oyama had sailed
from Hiroshima with the Second Japa-
nese Army, consisting of 30,000 men and
accompanied by the Second Japanese Quad-
ron. Since then it has been repeatedly
asserted that the Japanese had effected
a landing near Port Arthur, and it is
understood that this important place had
been captured by the Japanese.

EARTHQUAKES IN JAPAN.

Loss of 200 Lives Reported—3,000
Houses Destroyed.

YOKOHAMA, Japan, Oct. 25.—Three
thousand houses have been destroyed by
a succession of violent earthquake
shocks. So far as known, 20 lives have
been lost and a large number of people
have been injured.

Japan seems to have been suffering se-
verely from earthquakes during the past
month. A despatch from Tokyo yester-
day said that an earthquake occurred
on Monday last in the province of Aki-
ta. The shock was described as being
so severe that it had completely de-
stroyed the town of Sakata. The loss of
life was said to be heavy, and the de-
struction of property enormous.

Mail advices received at Victoria, B. C.,
yesterday announced that an earthquake
shook on Oct. 7, threw the inhabitants of
Tokyo and Yokohama into consternation.
It was said that the preceding year was
loud and the movement of earth longer
than in the earthquake of June 20, but
the amount of damage was less, and, so
far as known, no lives were lost.

GOFF MAY MAKE SPEECHES.

His Words Imply that He Has
Yielded to Repeated Demands.

Although it is well known that the at-
tention of Mr. Goff is pretty well taken
up at the present time by his services as
counsel for the Lexow Committee, con-
siderable pressure has been brought to
bear upon him by his political associates
to enter the list of campaign speakers.

It has been said that declinations to him
that he would make a few speeches upon
the local administration of Tam-
many have been made in order to keep the
nominees still on the ticket.

Presented before midnight last
night, then the declinations were ac-
cepted. The filing of the declinations is
not regarded as the final step in the
case of Blumberg, for Alderman, is now
on three tickets.

KILLED ON THE ARETHUSE.

Six French Men-of-War-Men Vic-
tims of a Boiler Explosion.

BREST, France, Oct. 25.—While the
cruiser Arethuse was testing her engines
to-day preparatory to sailing for the
East to reinforce the French squadron
in Chinese waters, a boiler explosion
took place on board of her, killing six
men and badly scalding twenty others.

FIVE TRAMPLED TO DEATH.

Panle Follows the Cry of Fire in a
Church in Russia.

ST. PETERSBURG, Oct. 25.—During
the consecration of a church in the vil-
lage of Trokh, near Ostrovsk, in the
Don Province, a lamp was upset. A cry
of fire was raised and a panic followed.
During the rush for the doors two
women and three children were trampled
to death and twenty-seven people were
seriously injured.

LAST EDITION. WHAT WILL IRVING TELL?

The Ex-Bank Burglar Sum-
moned Before the Lexow
Committee.

WITNESS HERMANN'S CASE.

The Woman Undecided Whether
to Voluntarily Come to
New York or Not.

GOFF HAS ANOTHER MYSTERY.

Intimates that It Is a Political
Nature, but Is Not Ready
to Investigate It.

The announcement that Police Commis-
sioner John C. Sheehan would be a witness
before the Lexow Committee this morn-
ing was sufficient to fill Part III, of the
Suprior Court fully an hour before the
regular time of opening the ball. There
was an air of expectancy about the gath-
ering, which showed how great an interest
is taken in the investigation at this time
and every one seemed to be prepared for
some sensational developments.

It was learned at the office of Mr.
Goff early in the morning that there
was very little probability that the wit-
ness, Mrs. Mathilda Hermann, who is
detained in Jersey City, would be or
could be brought to this city to-day,
unless she should voluntarily consent to
come over and give her testimony. Pre-
cedents, which was very unlikely.

There was considerable mystery about
the charge of perjury which has been
made against the woman, and on which
she is held there, but it was said this
morning that it arises in a case in
which she was involved nearly two
years ago, when a charge of robbery
was made against the keeper of a
disorderly house, in which she was
interested in behalf of the complainant,
and made an affidavit that was after-
wards shown to be false.

Promised Her Immunity.
At any rate, nothing was ever done in
the matter, and it was said that she had
been promised immunity from prose-
cution on this charge, if she would come
to New York and testify before the
Lexow Committee. The knowledge that
such a charge was hanging over her
and that the Lexow agents to make a
technical complaint against her yester-
day in Justice Potts' court in Jersey
City, on which she was held in \$2,000
bail.

Chairman Lexow and Senators Brad-
ley, O'Connor, Cantor and Robertson
were in their places at 11 o'clock, but
the Lexow Committee did not open its
sittings. Neither was Commissioner Sheehan
in evidence, but "Jimmy" Irving,
the ex-bank burglar, sat over in the cor-
ner reserved for witnesses and scanned
the crowd calmly with his single eye.
The ex-bank burglar sat over in the cor-
ner reserved for witnesses and scanned
the crowd calmly with his single eye.

Lawson N. Fuller, Father Thomas
Ducey and several other clergymen were
among the spectators.

When Mr. Goff came in at 11:30 the
crowd on the back benches broke out
into a chorus of "Goff, Goff, Goff."
Lexow rapped sharply for order, and
said that if there was any repetition of
such a story to tell when Mr. Goff is
ready to put him on the witness-
stand.
